HYDROAPPS COMPLIANCE MANAGER
Reduce Risk. Raise Standards.

COMPREHENSIVE SELF-ASSESSMENT

- Evaluate current practices across three core areas: Demographics, Facility Maintenance, & Aquatic Operations
- Identify strengths and pinpoint areas needing improvement using easy-to-follow, question-based assessments
- Benchmark your facility against leading standards like the MAHC & OSHA for peace of mind and consistent safety compliance

TASK ASSIGNMENT & ACCOUNTABILITY

- Assign follow-up actions directly to staff members
- Link tasks to specific standards for clear accountability & tracking
- Monitor task completion & ensure follow-through with built-in progress verification

VERIFICATION & RETESTING

- Track assigned tasks, mark completion, & verify improvements
- Conduct targeted retests to confirm sustained compliance & continuous improvement
- Build a cycle of accountability & progress that strengthens your safety culture over time

PHOTO DOCUMENTATION & RESOURCE LIBRARY

- Capture & upload photos to support assessment findings & verify compliance
- Maintain a digital record of facility improvements & compliance milestones
